

PIEPS

1. Pieps plazovni nahrbtnik TOUR RIDER JETFORCE 24L
Velikosti S/M ali M / L, barva črna / rdeča ali črna / rumena
MPC: 1050,00 eur za GRS 869,00 eur

Pieps JETFORCE je prva elektronska plazovna blazina s tehnologijo jet-ventilator, ki potrebuje le okoliški zrak za polnjenje.

JETFORCE je rezultat sodelovanja med Pieps-om in Black Diamond-om, dveh vodilnih inovatorjev na področju plazovne varnosti.

- Samodejni preizkus nahrbtnika:

V nahrbtniku je posebna Pieps tehnologija, ki pred začetkom uporabe nahrbtnika sama preveri delovanje vašega lavinskega nahrbtnika.

- Jet sistem polnjenja:

Nahrbtnik se napolni preko posebne baterije ter Jet sistema polnjenja, ki 200 litrski balon napolni v 3 sekundah.

- Večkratno polnjenje

Baterija za večkratno polnjenje vam nudi možnost, da boste svoj lavinski nahrbtnik napolnili vsaj 4x, predno se baterija izprazni.

- Uporaba nahrbtnika

Nahrtnik je možno večkratno polniti, tako, da se enostavno naučimo uporabe nahrtnika. Brez stroškov in brez dodatnega izobraževanja.

- Avtomatsko praznjenje nahrtnika

Po treh minutah se bo nahrtnik izpraznil in tako se bo zmanjšal tudi pritisk na zasuto osebo.

Prednost izpraznitve je v tem, da se v tem trenutku sprosti zaloga 200l zraka, kar omogoča večjo možnost preživetja v plazju.

Lastnosti:

- Kompresijski trakovi s posebnimi zaponkami, ki ne morejo zmrzniti
- Integriran varnosti pas za ledeniške ture
- Poseben prostor za vašo lavinsko opremo (sonda, lopata)
- Možnost pritrditve čelade, enostavna pritrditev in odstranitev
- Možnost pritrditve tako smuči kot borda ne glede na širino
- Volumen: 200l
- Čas polnjenja: 200l balona je 3s
- Razporeditev: Ladung 4+
- Odlična nošnja/heli smučanje: DA

2. Pieps plazovni nahrbtnik TOUR RIDER JETFORCE 34L
Velikosti S/M ali M / L barva črna / rdeča ali črna / rumena
MPC 1100,00 eur za GRS 909,00 eur

3. Pieps žolna DSP Pro:

MPC 350,00 eur za GRS 280,00 eur

Opis:

PIEPS ŽOLNA DSP PRO (2015)

The PIEPS DSP PRO is the successor to the legendary PIEPS DSP and ideal support for all mountaineering professionals

-Maximum circular range of 60 m

-Optimized MARK function as additional support in multiple burial scenarios

- Perfect readable display at all light conditions
- Battery lifetime of min. 400 h in send-mode saves energy and environmentally friendly

Specifications

- Weight(g): 200 g (inkl. Batteries)
- Transmission frequency: 457 kHz (EN 300718)
- Power supply: 3 Bat., Alkaline (AAA)
- Battery lifetime: min. 400 h send mode
- Maximum range: 60 m
- Search strip width: 60 m
- Earphone socket: Stereo earphones, 3,5mm, mind. 32 Ohm
- Temperature range: -20°C bis +45°C
- Dimensions: 115 x 75 x 28 mm
- Included in package: PIEPS DSP PRO, Searchsystem DSP PRO, Handstrap, 3 x AAA-Alkaline-Bateries, Manual
- Unique self-check during power-on
- Direction and distance indication from the initial detection
- 3 antennas allow exact fine search
- Intelligent transmitter: auto-antenna-switch, iPROBE support
- SCAN function as additional support in multiple burial scenarios
- Frequency measurement for extended transceiver check
- TX600 support
- Integrated inclinometer
- Check and update possibility to the latest firmware Carrying System
- High comfort and low weight
- Neoprene pouch with comfortable strap
- Fast pull system for device handling

4. Pieps žolna DSP Sport:

MPC 250,00 eur za GRS 199,99 eur

Opis:

PIEPS ŽOLNA DSP SPORT (2015)

The PIEPS DSP SPORT is the dynamic 3-antenna-beacon for sportive ambitious day tours and freeriding. The big range, ONE single button and the intelligent transmitting system offer best support in every situation.

- Maximum circular range of 60 m
- Optimized MARK function as additional support in multiple burial scenarios
- Perfect readable display at all light conditions

Specifications

- Weight(g): 200 g (inkl. Batteries)
- Transmission frequency: 457 kHz (EN 300718)
- Power supply: 3 Bat., Alkaline (AAA)
- Battery lifetime: min. 200 h send mode
- Maximum range: 50 m
- Search strip width: 50 m
- Temperature range: -20°C bis +45°C
- Dimensions: 115 x 75 x 28 mm
- Included in package: PIEPS DSP PRO, Searchsystem DSP PRO, Handstrap, 3 x AAA-Alkaline-Bateries, Manual
- Unique self-check: all major functions are tested during power-on: transmitting frequency, all antennas, amplifiers, processors and batteries
- Direction and distance indication from the initial detection
- 3 antennas allow exact fine search
- Search strip width: 50 meters (without turning and rotating)
- Intelligent transmitter: auto-antenna-switch, iPROBE support
- Check and update possibility to the latest firmwar

Carrying System

- High comfort and low weight
- Neoprene pouch with comfortable strap
- Fast pull system for device handling

5. Pieps žolna Freeride:

MPC 100,00 eur za GRS 85,00 eur

Opis:

PIEPS ŽOLNA FREERIDE (2015)

The PIEPS FREERIDE is a digital 1-antenna transceiver with simple and clear handling – the first transceiver the size of a mobile phone!

Specifications

- Weight(g): 110 g (inkl. Batteries)
- Transmission frequency: 457 kHz (EN 300718)
- Power supply: 1 Batterie, Alkaline (AA), LR6, 1,5V
- Battery lifetime: min. 200 h send mode
- Maximum range: 40 m
- Search strip width: 30 m
- Temperature range: -20°C bis +45°C
- Dimensions: 110 x 58 x 24 mm
- Included in package: PIEPS FREERIDE, Searchsystem Classic, Manual
- The PIEPS FREERIDE has an elliptical receiving range of up to 40 m
- The dynamic field line guiding and the distinct acoustic signal support the search process
- iPROBE Support: The PIEPS FREERIDE can be temporarily deactivated by the iPROBE and the searcher can focus on the next strongest signal
- Small, light, dynamic, cool: Offpist and backcountry, never without PIEPS!

6. Pieps sonda aluminium 260:

MPC 50,00 eur za GRS 39,00 eur

Opis:

PIEPS SONDA ALUMINIUM 260 (2015)

PIEPS sonda PIEPS sonda Aluminium je proizvedena da potrdi pred nakazovanjem ter dodatno določi pozicijo pokopane žrtve. Skupaj z plazovnim oddajnikom ter plazovno lopato je priporočljiv standard pri opremlenosti o plazovni varnosti hribolazcev in reševalcev.

Specifications

Technical Data Description: 260 / 300

- Weight: 290 g / 330 g
- Tubes: 6 / 7
- Length collapsed: 42 cm / 42 cm
- Length tightened: 260 cm / 300 cm
- Tubes in two colors made of a special aluminium alloy guarantee optimal stability.
- Diameter o 12,5 mm
- Easy and fast assembly of the probe

7. Pieps sonda aluminium 300:

MPC 60,00 eur za GRS 48,99 eur

Opis:

PIEPS SONDA ALUMINIUM 300 (2015)

PIEPS sonda PIEPS sonda Aluminium je proizvedena da potrdi pred nakazovanjem ter dodatno določi pozicijo pokopane žrtve. Skupaj z plazovnim oddajnikom ter plazovno lopato je priporočljiv standard pri opremi o plazovni varnosti hribolazcev in reševalcev.

Specifications

Technical Data Description: 260 / 300

- Weight: 290 g / 330 g
- Tubes: 6 / 7
- Length collapsed: 42 cm / 42 cm
- Length tightened: 260 cm / 300 cm
- Tubes in two colors made of a special aluminium alloy guarantee optimal stability.
- Diameter \varnothing 12,5 mm
- Easy and fast assembly of the probe

8. Pieps lopata Tour T:

MPC 55,00 eur za GRS 44,00 eur

Opis:

PIEPS LOPOTA TOUR T (2015)

The small and lightweight PIEPS TOUR and PIEPS TOUR T are the perfect shovels for ski tours in low and high mountain regions.

Specifications

Technical Data Description: TOUR / TOUR-T

- Weight(g): 520g / 635g (Shovel blade weight: 300 g / 300 g, Telescopic handle weight: -- / 335 g)
- Shovel blade width: 22 cm / 22 cm
- Compact handle length: 45 cm / optional
- Telescopic handle length: optional / 72 cm
- Ergonomic shape
- A special aluminium alloy and a special coating assure extreme durability as well as lowest possible weight
- The shovel has its own place in the special safety gear compartment in every -PIEPS backpack
- T-handle with oval profile avoids twisting while shovelling
- Rip Stop coating for perfect grip
- Quick lock without pressing the buttons that -connect handle and blade
- Special surface coating
- Sharpened edges for easier cutting of hard and compressed snow
- Four holes for rescue purposes

9. Pieps lopata Racer T:

MPC 65,00 eur za GRS 49,99 eur

Opis:

PIEPS LOPATA RACER-T (2015)

The ergonomically shaped and lightweight PIEPS RACER and PIEPS RACER T are the perfect shovels for ski touring and competitive ski touring.

Specifications

Technical Data Description: RACER / RACER-T

- Weight(g): 545 g / 660 g (Shovel blade weight: 325 g / 325 g, Telescopic handle weight: optional / 335 g)
- Shovel blade width: 21 cm / 21 cm
- Compact handle length: 49 cm / optional
- Telescopic handle length: optional / 71 cm
- Ergonomic shape
- A special aluminium alloy and a special coating assure extreme durability as well as lowest possible weight
- The shovel has its own place in the special safety gear compartment in every PIEPS -backpack
- T-handle with oval profile avoids twisting while shovelling
- Rip Stop coating for perfect grip
- Quick lock without pressing the buttons that connect handle and blade
- Special surface coating
- Sharpened edges for easier cutting of hard and compressed snow
- Four holes for rescue purposes
